"Step-Up and Do It!"

HOMECOMING PARADE GENERAL INSTRUCTIONS

Parade Date: Friday, 7 October 2011

Check-In: Beginning at 3:30 p.m.

Parade Start Time: 5:30 p.m.

Cost: \$25.00 Non-Refundable Application Fee

Limited to 100 Entries — First come—First served

Applications Due No-Later Than Wednesday, 5 October 2011

Walk-up applications will not be accepted

1. **Applications must be mailed** to the Air Force Junior ROTC classroom at the above address, or **hand-delivered** to HS Building 5, Rm 5-225 or 5-226. Entries must be received no later than 5:00 p.m., Wednesday 5 October 11.
2. **You will be met** in your assigned set-up area by a "Parade Marshall" with a clip board who will offer your receipt if you have not received it yet, and give instructions where to place your "float" in the line-up (see item 6 below).
3. **Maximum length-of-float** entries and tow vehicles – 50 ft, maximum width – 20 ft, and maximum height – 15 ft. Oversize entries, with Principal approval, can be coordinated with **JROTC** prior to parade day, and accommodated on case by case basis.
4. Because of past unpleasant "incidents" as a result of "thrown" candy and excessive litter discarded by candy recipients, **candy is not allowed** on floats again this year. **Disregarding this restriction will bar your organization's participation and your float will be escorted out of the parade line by School Administrators or Campus/Jenks Police.** Drivers of float entries must be continuously on the "look-out" for overly excited children/adolescents/adults that place themselves in "harms-way" of the moving vehicles. **BE EXTREMELY CAREFUL OUT THERE!**
5. **Placement in the parade** has no relation to your registration order. When your application is received, you will be given specific instructions as to your location for set-up within a designated parking area. **Please follow these instructions.** On the day of the parade, area "Parade Marshalls" will receive updated and current instructions to pass along to you as events develop. Please follow their directions—they are only messengers.
6. **The day of the parade**, parents **may not** drop off their children in the High School Oval or on the road that parallels the West Parking Lot – we do not want to hinder construction in that area. Traffic in the parade set-up areas becomes unmanageable and gets "hung-up" when adult drivers do not follow directions and "do-their-own-thing" -- please cooperate and follow directions. The paved **North Parking Lot** will be for the exclusive use of **intermediate and elementary entries**. Parents with small children may park in designated areas of the North Parking Lot. This may require parents and/or children to walk to their particular entry – please follow directions of the "Parade Staff" and pass this information on to all parents with children that are participating. **Enter the North Parking area from "K" Street only.** **High School/Freshman Academy** entries will set-up in the area directly behind Building #5, entering from the East on "F" Street heading West next to the building. Line-up will be very tight...please be careful.
7. After the parade route is completed, you may return your float to the original set-up area to disassemble your float and/or have the parents pick up their children in that location.

THANK YOU FOR YOUR PARTICIPATION/COOPERATION AND HAVE A GREAT TIME!
